

Clarke Energy

Engineer - Install - Maintain

Distributor & Service Provider
Gas Engines

Finance Options

From Clarke Energy and
Berkshire Finance

Clarke Energy Customer Finance Program

At Clarke Energy we provide the complete solution to assist with your project. The Clarke Energy Customer Financing Program is part of this coordinated approach, which should enhance your cashflow and asset management options.

Berkshire Finance runs this program for us, using their portfolio of financiers. They have extensive experience in our sector and are always happy to discuss a project at any stage.

Finance Lease / Hire Purchase

Spread the cost of the engines over a fixed term then acquire ownership for a nominal sum.

Benefits:

- Retain cash reserves and existing credit lines
- Flexibility in treatment of taxation and VAT

Operating Lease / Rental

Rent the engines for a fixed term then either return them or refinance their residual value.

Benefits:

- Flexibility of ownership
- Enhanced tax relief

Sale & Leaseback

Refinance existing engines or other assets.

Benefits:

- Raise project soft-costs capital
- Protect working capital

Clarke Energy

Clarke Energy is a multinational company based in Knowsley, near Liverpool. The company employs over 700 people worldwide and has operations in a number of countries across Europe, Asia, Africa and Australasia. Clarke Energy engineers, installs and maintains high efficiency and renewable gas engine generation facilities.

Berkshire Finance

Berkshire Finance arranges leasing and asset finance within the renewable energy, waste management and scientific research arenas. The company has worked with Clarke Energy for many years, assisting blue chip clients and SME's alike to maximise cashflow and budgetary efficiencies.

Contact Details

Please call us to see how we can assist with your acquisition; even if it is simply to obtain another perspective or friendly advice.
